---

## **Setting the Field Kalamazoo Klash XXIX & Template Late Models**

- Positions 1-18:** The fastest 18 qualifiers will be locked into the race.
- Positions 19-22:** The top four finishers from each Last Chance race advance.
- Inversion:** The inversion will be six plus the roll of two dice; this will make the inversion between 8-18. The inversion for the Last Chance races will be 2 plus the roll of one dice, making the inversion between 4-8.

---

---

## **Race Format/Rules Kalamazoo Klash XXIX & Template Late Models**

-  The 2021 Kalamazoo Speedway rules for the Outlaw Super Late Models and Template Late Models apply.
-  Cars must clear tech immediately before qualifying. Drivers needing to return to their pits to effect adjustments to enable the car to clear tech will be docked one qualifying lap. If a driver returns to his/her pit after clearing tech, the driver will be docked one qualifying lap.
-  All teams will use the Hoosier F-70 (\$508 a set) for qualifying and racing. **All teams will start the race on the same 4 tires they used to qualify.** All tires must be purchased at the track and will be impounded until 25 minutes prior to qualifying. There will be no early tire purchasing or picking out of tires. All teams must bring 4 unmounted wheels.
-  **NO MIRRORS. NO TRACTION CONTROL. NO TIRE SOAKING. NO RADIOS.**

- 🌸 RACEceivers are mandatory. Transponders provided by Kalamazoo Speedway; all cars must have a protective pouch. Pouches will be available for purchase for drivers who need one; plastic brackets are not acceptable.
- 🌸 The qualifying order will be determined by the speeds in both practice sessions. The slowest car in the final practice will qualify first, while the fastest car in the final practice session will qualify last. If any car does not qualify in the position in which they are scheduled, they will lose one lap of qualifying. If there is a tie in qualifying, the tie breaker will be a coin flip (2 drivers) or blind draw (3 or more drivers).
- 🌸 Cars will be unloaded in the infield and haulers removed; all cars competing will pit in the infield.
- 🌸 Single car qualifying will be used. Two laps for Template Late Models; three laps for Outlaw Super Late Models. Each driver's fastest lap will be considered their qualifying time. If there is a tie in qualifying, the tie breaker will be a coin flip (2 drivers) or blind draw (3 or more drivers).
- 🌸 No breaks or competition caution for either main feature.
- 🌸 The top eligible lapped car at each caution will receive the Lucky Dog Free Pass for each 'A' feature. A car is not eligible to receive the Lucky Dog Free Pass when, in the judgment of the officials:
  - 🌸 The car caused the caution;
  - 🌸 The car was in the pit area when the caution came out; or,
  - 🌸 The car has been penalized with a discretionary call. In the case of a discretionary penalty, it will be made known to the competitor, at the time the discretionary penalty is imposed, that the car will not be eligible to receive the Pass to make up the penalized lap(s). Transferring the Pass will only occur when the first eligible car becomes ineligible to receive the Pass because of a discretionary penalty, because the car pitted under the caution or because the first eligible car is not in competition at the time the yellow flag is displayed. Then the Pass will be transferred to the next eligible car. There will not be a lucky dog on a false start.
- 🌸 For the 'A' features, double file Madhouse restarts will be employed. The leader will choose their lane and so forth for all lead lap cars. In the event there is a car being sent to the tail, a lucky dog and a car coming out of the pits, they will be lined up in that order.

Please email your entry ASAP to [barbara@kalamazoospeedway.com](mailto:barbara@kalamazoospeedway.com). Include class, full name of driver, car # and hometown. Pre-entry is FREE until 7:00 PM Tuesday, August 17. Entries taken after that time will be subject to a \$50 entry fee.
