ABOUT OUR DRIVERS

We're off to a fast start, despite the soggy weather. Over 200 drivers have raced or practiced with us this year, so we thought we'd take a quick snapshot of drivers' hometowns and ages.

MAY 12 🏁 RACING RECAP

Ma Nature has a devilish sense of humor and we are not amused! After a week of rainy forecasts for Friday (the rest of the week being spectacularly lovely) and with Friday's forecast worsening late Thursday and early Friday, we thought we were on solid ground by calling the races. That call seemed to totally turn the forecast around, but the bell had already been rung. Thank you for your patience. We'll try it again on May 19!
