

2024 Tire Program

Kalamazoo Speedway is extremely happy with the new tire program that Hoosier and Kalamazoo Speedway developed for the Michiana short tracks. A lot of hours were spent working with Hoosier to find a way to get a less expensive but quality race tire to the drivers. We applaud Hoosier for working with us.

That said, we are trying to work diligently with the 5-6 neighboring tracks in order to keep this sport moving in a forward direction. As a result of this collaboration, Kalamazoo Speedway has adopted a few rules that aren't our personal preference. We recognize that sharing cars with other tracks has made it necessary to make some adjustments.

FWD Tires

1. All cars racing on one or all four Hoosier 790, 850 or DOT tires with a treadwear of 200 or higher will be placed in the FWD-Outlaws.
2. To race as an FWD-DOT, all four tires must be a DOT tire with a treadwear rating of 300 or higher.
 - A. No Z rated, trailer or recap tires are allowed.
3. Track officials have the right to reject any tire.

RWD Tires

Late Models. 8" steel racing wheels. Hoosier 980 all four corners.
The tires used to qualify will be the same 4 tires used in the feature.

Limited Outlaw Late Models. 10" racing wheels. Hoosier 980 all four corners.
The tires used to qualify will be the same 4 tires used in the feature.

Street Stock. 8" steel racing wheels. Hoosier 890 all four corners.
The tires used to qualify will be the same 4 tires used in the feature.

Kalamazoo Speedway will have the best selection of tires as anyone; however, we will allow tires to be brought in from other tracks. We expect to start stocking tires by mid-March. There will be no weekly race impounding or recording numbers on the tires that we sell.

Class	Tire	Per Tire (\$)	Set (\$)	Per Tire Credit (\$)	Set Credit (\$)
Late Model	980-9" Slick	145	580	150	600
OLLM	980-9" Slick	145	580	150	600
Street	890-8" Tread	143	572	148	592
FWD*	790/850* 14"	135	540	140	560

*15" will be sold for \$142 per tire but will not be stocked unless a driver requests we stock them.
