

Kalamazoo Speedway Realigns Event Schedule for July of 2021

Due to low weekly car counts in the upper divisions and trying to better align the Kalamazoo Speedway schedule with those of neighboring tracks, we are making adjustments to two race nights in July. We are hoping this will help bolster Kalamazoo Speedway's and neighboring tracks' car counts, especially as most tracks have larger premier races coming up.

Our published weekly schedule will remain the same for 2021 except for the two dates listed below. We must look at the immediate future of the sport and work with unanticipated post-COVID realities. We deeply apologize if these schedule adjustments disrupt up your plans.
