Friday, June 3 was another good night of short track racing at Kalamazoo Speedway. We had great side by side racing, good car counts in all four classes, offered a shout out to a long-time Speedway regular suffering from cancer and welcomed a number of drivers to Victory Lane who don't often claim the checkered flag. We wrapped up our show just after 10 PM and payout was nearly completed 40 minutes later when a couple of teams left their pit areas to confront a couple of other teams. A skirmish broke out in the infield pits and the Kalamazoo County Sheriff's Department was dispatched after the team initiating the tangle called 911.

Fans and teams will notice a few individuals will be absent for the next four weeks. Kalamazoo Speedway will not tolerate unsportsmanlike and/or unprofessional behavior. We pride ourselves on being a professional and family friendly venue. We want our fans with kids to be able to visit with our drivers, teams and staff after the races. We want our teams to feel safe. Kalamazoo Speedway is not a good match for individuals and teams who don't share those goals.

We will see you this Friday, June 10 when the Outlaw Super Late Models run the Randy's Towing 75 with \$3500 to win. Sharing the program are the Template Late Models, Outlaw Front Wheel Drives, and the Zoo Stock.
