# SATURDAY, SEPTEMBER 14, 2024. PHOTOS. NIGHT OF DESTRUCTION.

From the party in the infield, free bus rides, to the program events to the fireworks, it was a great night. Thank you everyone for attending, driving or staffing the event! Below, the pit party (bus rides, crowd once the program began), motorcycle stunts, a trailer race, Send It vehicles, drifting and the "Coming in 2025 Semi Truck" races (two of the new fleet were onsite).

A driverless minivan had its own idea of a Night of Destruction and took it upon itself to leave the backstretch, enter the chute and plow into the building in front of the scoring tower! The demolition derby, trailer race, bus race and Joel Areaux, in a brilliant move, took to entertaining the crowd when the safety crew had to respond to a fire outside of the pit area causing a delay in the program & fireworks!
